

CERTIFICATE FOR SINGLE RESPONSIVE TENDER

It has been certified that NIT No. dated for procurement of was published on / sent to..... firms/suppliers and in spite of all required measures like standard tender enquiry, wide publicity, sufficient time etc., only one responsive tender/ quotation has been received from M/s.....

It is recommended to place supply/ work order to M/s due to following reasons:

- That quoted price is reasonable and commensurate with market price.
- To the best of my belief, there is no possibility of lower rate offer if the tenders are re-invited.
- Requirement is urgent.
