### **GeM Availability Report and Past Transaction Summary**

GeM Availability Report and past transaction summary report is generated based on the specifications searched by the Buyer. The specification may be modified appropriately for searching relevant categories on GeM. Buyer may navigate to GeM category page by clicking on the category link to view category specifications and products/services available in the category.

*Order Count and Order Value displayed is on a cumulative basis since GeM inception.*

#### **1. Search String: ESI PROBE ASSEMBLY 500LG x 125uM**

Search type: Product

1. There are categories available on GeM matching your requirements (as listed here). You can create a bid on GeM with a product closest matching your required specifications and add additional parameters in specifications through Corrigendum using RMS functionality.
2. If you feel that category TP needs updating you can submit category updating request also through RMS.
3. If you do not want to use any of the above option and want to proceed for procurement outside GeM, please suggest the specifications of the required product for creation of new category on GeM for future procurement.

Search Result: Category available/suggested on GeM but marked as "not matching requirements" by the buyer with undertaking as under:

*It is certified that I have thoroughly checked all probable categories suggested by GeM and I am satisfied that the product required is not covered / does not fall in any of the suggested categories and can not be procured under any of these categories even after inclusion of List of Values( LOV) wherever possible in category specifications of suggested categories. It is also certified that the technical specification requirement are such that these can not be covered even by adding specification parameters using ATC in any of the GeM suggested categories. This is a one-time requirement hence new category creation is not proposed / or requirement is recurring but request for new category creation will be submitted separately post generation of GeMARPTS.*

Estimated Value Of Procurement: ₹ 316000.0

Duly authorized to sign this Authorization on behalf of Waters Technologies Corporation

### **General Conditions for PAC**

- a) Users should enclose, with their Indent, a PAC certificate indicating the justification and approval at the appropriate level as per DPFR/SoPP, for sourcing an item from OEM or PAC firms or their authorised agents;
- b) Proprietary items shall be purchased only from a nominated manufacturer or its authorised dealer as recorded in the PAC certificate.
- c) In certain unavoidable cases, the procuring authority may have no alternative but to waive Payment of EMD/SD for procurement on a proprietary basis.
- d) To the extent feasible, the firm may be asked to certify that the rates quoted by them are the same and not higher than those quoted with other Government, public sector or private organisations.
- e) In case of PAC/single tender procurements: Reports relating to such awards should be submitted to the Ministry every quarter, Internal audit may be required to check at least 10 (ten) per cent of such cases, and details of such contracts should be published on the website of the Procuring entity.
- f) No item should be procured on PAC basis for more than three years, after which a mandatory OTE mode may be used, to test the market.
- g) The firm should be asked to accept a "fall clause" undertaking that, in case it supplies or quotes a lower rate to other Governments, public sector or private organisations, it would reimburse the excess. Negotiations may be called for to get prices reduced.
