

The Office of the Dean, Faculty Affairs*Post-doctoral Fellows in the Department of Earth and Environmental Sciences*Advertisement No. Rolling Advt. No.: IISERBPR/DoFA/PDRF/2019/01
September 18, 2022

IISER Berhampur, an institute of eminence, has embarked on an ambitious journey to become one of the best educational and research institutes. The campus is located on a picturesque sea beach, surrounded by natural greenery with a large forest cover. The construction of the campus buildings is in full swing, and with the completion of a few buildings, we have already started moving to the permanent campus.

Applications are invited for positions of Postdoctoral Research Fellows in the newly established Department of Earth and Environmental Sciences. Positions are initially for two years and may be extendable for another year, based on the performance. Preferred areas of specialization are: **structural geology, metamorphic petrology, ore geology, geophysics, paleontology, RS-GIS, hydrogeology, geochemistry, and isotope geoscience**. Applicants should have a good academic record, PhD degree, and peer-reviewed publications in high-impact journals. Those who have submitted thesis, may also apply. Besides regular research, the incumbents will also have teaching assignments.

Interested candidates may send their detailed bio-data including academic record from high school onwards, current position, publications, research statement and experience, etc to Email: hod_ees@iiserbpr.ac.in with the subject line “*Application for PDRF position*”. For any technical information, candidates may contact the Chair of the Department via above Email. The date of interview will be informed later to the shortlisted candidates through email/phone. This advertisement will remain active till suitable candidates are selected.
